

## (District) Technology Integration Plan

Current Plan Expiration Date \_\_\_\_\_

### E-Rate Annual Review or Midcourse Corrections Documentation For Technology Integration Plans

*(Please complete before District completes E-Rate Form 470)*

**DISTRICT INFORMATION:**

District Name			
District address			
City/State/Zip		RCDT Number	
Superintendent Name		Superintendent e-mail address	
District Phone Number		District Fax Number	
TIP Contact Name		TIP Contact e-mail address	
TIP Contact Phone Number		TIP Contact Fax Number	

**Annual Review:** Write the date of the Annual Review of your district’s approved 3-year technology plan if there are no major changes to the plan.

The plan was reviewed and evaluated on \_\_\_\_\_  
(month/day/year)

**Mid-Course Correction (MCC):** Check this box if, during your Annual Review, you discovered the need to make major changes to the plan. Contact Faith Bishop at [fbishop@isbe.net](mailto:fbishop@isbe.net) for support. Midcourse Corrections will require a Peer Review of the plan.

Mid-course correction was needed \_\_\_\_\_yes \_\_\_no **Date submitted to ISBE** \_\_\_\_\_

(Please contact your LTC director if you feel you have major corrections to your technology plan that will require major revisions or you have any questions about how to complete this document. If the original technology plan was completed prior to 2008, please contact Faith Bishop, [fbishop@isbe.net](mailto:fbishop@isbe.net) for the appropriate forms or to have e-Plans unlocked for MCC.)

**Criteria Defined**

- Annual Review:** Check this box when this is the yearly review of your district’s approved 3-year technology plan and there are no major changes to the plan.
- Mid-course Correction:** Check this box when this is the yearly review of your district’s approved 3-year technology plan and there ARE major changes to the plan. Mid-course Corrections will require a re-approval of the plan.
  - Clarification of “major” changes--During the annual evaluation process if the district determines it isn’t making progress toward objectives or strategies or a new development or opportunity arises, the district will need to revise the Technology Integration Plan.

For example, major changes in objectives/strategies may occur due to significant shifts in:

- Budgets
- Infrastructure—fiber to wireless, T1 to wireless
- New building
- Population
- Local industry or business—large businesses moving in or out and the financial impact to the district
- Technology Deployment Initiative
- Etc. (For further clarification of “major” changes, please contact your local LTC.)
